STORY

3rd year middle schooler Nina is in love with her one year older next door neighbor, Kyousuke. She makes a daring confession to Kyousuke but, Kyousuke starts dating his baseball club's manager, Yuiko. In the midst of all this, Nina ends up hurting her foot in the ball game tournament. The worried Kyousuke rushes over to her and carries her on his back to the school infirmary. And once again, her feelings for him increase because of his kindness. On the other hand, there's Yuiko who can not hold in her irritation towards Kyousuke who broke his promise of never meeting Nina again. She takes Kyousuke with her to where Nina is together with her classmate Miyake. And then, in front of the two, Miyake tells Nina he likes her----!?

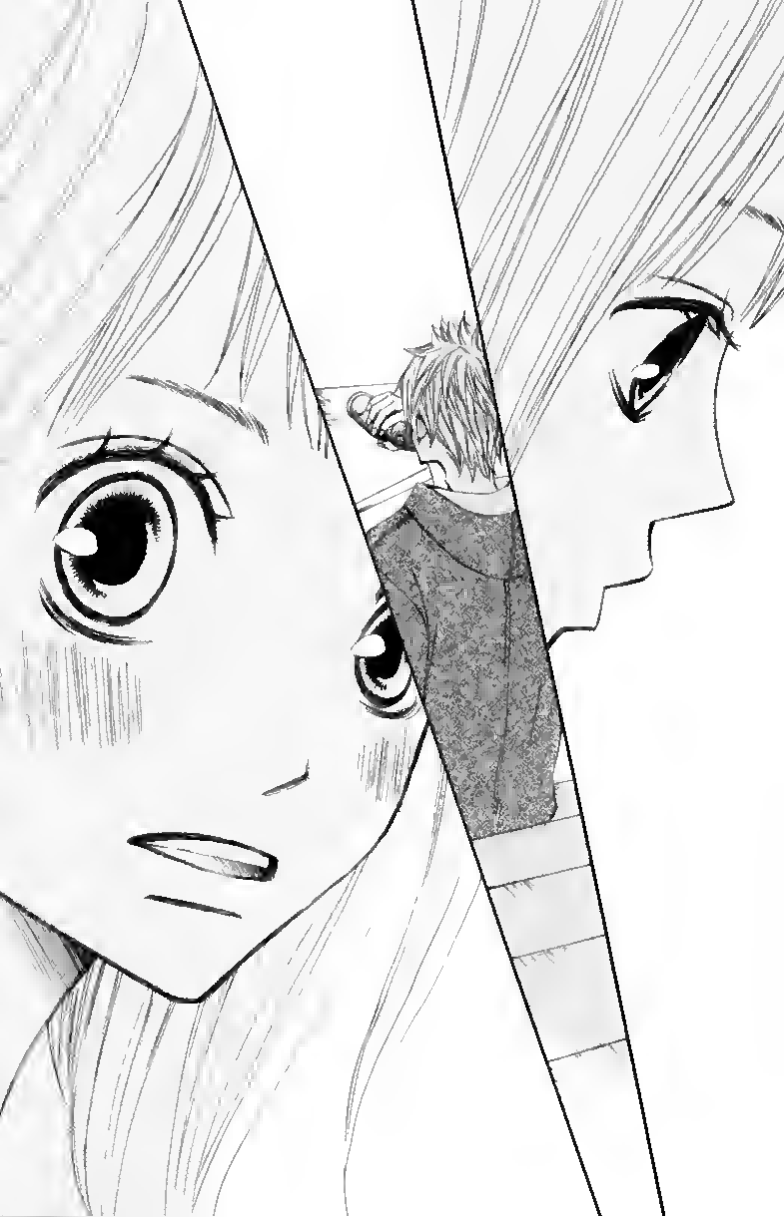
It's not an "I like her" kind of thing, right...??
.....
AND SO
I WAS THINKING ABOUT HOW I'D FEEL LIKE AN IDIOT IF I CONCERNED MYSELF TOO MUCH WITH TACHIBANA -SENPAI AND YOU WERE SWEPT AWAY BY SOMEONE ELSE.



Ugh!

Tonari no Atsuko

If you're wondering why we're suddenly kneeling down, it's because we have something that we first must apologize to our readers about.

M

Nanba

Hello, this is Nanba Atsuko and my editor M. Thank you very much for reading "Tonari No Atashi" volume 4.

←

On the next page, **I will place the original page along with the corrected version.**

There might be some readers who will say "it doesn't bother me that much," but as for me, I can't help thinking "the meaning has been completely changed."

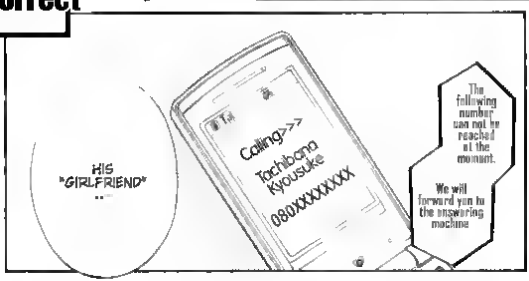
There was a misprint in "Tonari no Atashi volume 3."

Misprint = a mistake in the typing (lines and such) in the printed version.

The affected page
"Tonari no Atashi"
volume 3
Page 144, last panel

(Right) The one with the mistake
(Relow) The correct version

Correct



HIS "GIRLFRIEND"
Calling>>
Tachibana Kyousuke
080XXXXXXXX
The following number can not be reached at the moment.
We will forward you to the answering machine

In the first edition of the 3rd volume, it ended up that YuiKo's cellphone screen was showing that "a call was coming from Kyousuke" but,

The correct version is that "she's calling Kyousuke."

It's true that YuiKo was calling Kyousuke.

*This correction doesn't apply to our scanlation of this chapter as the scans were from the 2nd edition

I'm really sorry!!

Cry Cry

We will make sure something like this never happens again...

Cry Cry

We apologize to everyone who purchased the 1st edition of Volume 3 for the problems we have caused. (The mistake has been fixed in the 2nd edition.)

If you happen to re-read the 1st edition, I hope you could correct the mistake on pg 144 in the last panel in your head. I am truly very sorry.

I pray that there will be no mistakes in this volume.....

May there be no mistakes

When the 3rd volume came out

When it was printed in the magazine it was correct so when I saw it in the volume I freaked out.

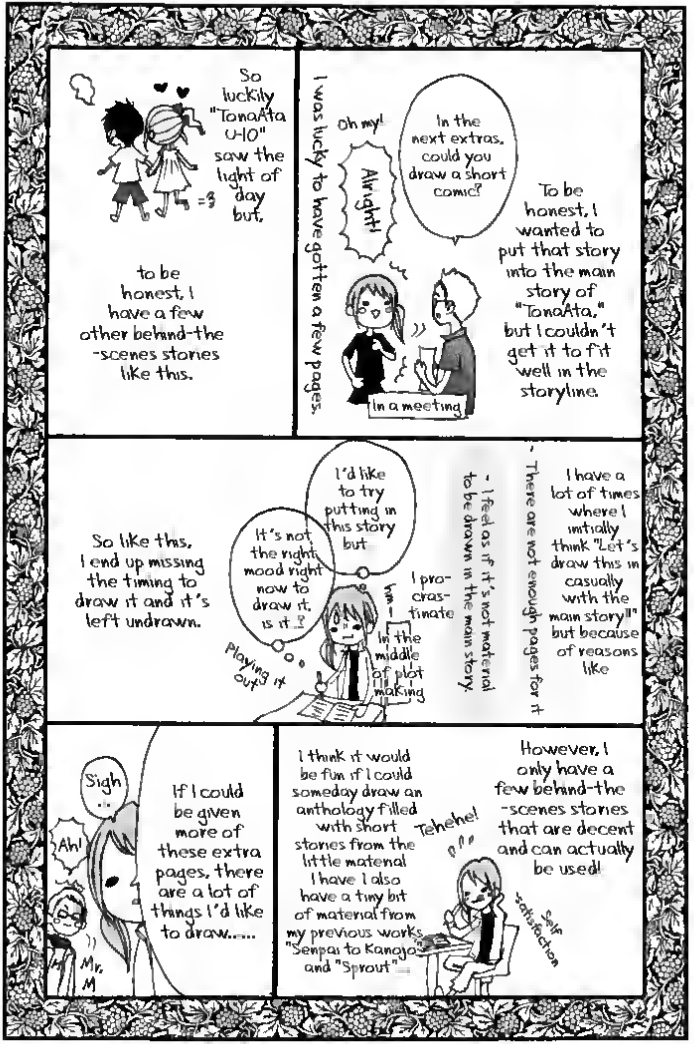
What happened!?

Why did it change!??

I'll go back to my normal mood for a little bit.

Please look at it as an event which happens between chapter 6 "A Lost Child and the Breakup" and chapter "Fireworks and Summer" in volume 2.

Alright, this time around I was able to include a short manga of Kyousuke and Mayu-chan!



So luckily "TonaAtta U-10" saw the light of day but,
=3
to be honest, I have a few other behind-the-scenes stories like this.
I was lucky to have gotten a few pages.
Oh my!
In the next extras, could you draw a short comic?
Alright!
In a meeting
To be honest, I wanted to put that story into the main story of "TonaAta," but I couldn't get it to fit well in the storyline.
So like this, I end up missing the timing to draw it and it's left undrawn.
It's not the right mood right now to draw it, is it ?
I'd like to try putting in this story but
Playing it out
hm !
I pro-cras-tinate
In the middle of plot making
- I feel as if it's not material to be drawn in the main story.
- There are not enough pages for it
I have a lot of times where I initially think "Let's draw this in casually with the main story!" but because of reasons like
Sigh
Ah!
Mr. M
If I could be given more of these extra pages, there are a lot of things I'd like to draw.....
I think it would be fun if I could someday draw an anthology filled with short stories from the little material I have. I also have a tiny bit of material from my previous works "Senpai to Kanojo" and "Sprout"
Tehehe!
Self-satisfaction
However, I only have a few behind-the-scenes stories that are decent and can actually be used!

M-san
Yes you're right——!
Maiden
Please show off this glamoured up me, too! More, more!
When you say you have things you'd like to draw, could you mean me? There's still one more page! So go ahead and draw me!
Uwah, in such a big panel.
And "annoying" is even written in bold!
Something like "the M-san who has recently come to receive a few letters saying "I'm your fan, M-san♡" and has begun to get full of himself is annoying"
But M-san really does kind of look happy when he gets a message addressed to him so, if you happen to really like M-san♡, please support him.
That's because I'm tired!
Bang
whoosh
Lately, I believe that Nanba-san is dark.
Well! I'm tired, too
But, being supported by my fundamentally reliable editor M-san, I'll do my best in volume 5 as well! I hope to see you guys again.
